Really good slow soundtrack, also the simple graphics really helped.

This would be one of my favorite games.. This is a very simple, easy to play game. There's not a whole lot to this game so I'll try to give the pros and cons here.

Pros:

- 1) Great soundtrack and simple visuals.
- 2) Relaxing, casual gameplay that's not overly difficult.
- 3) Simple controls (Although kind of awkward).

Cons:

- 1) No progression (All enemy types start being spawned from the beginning) and no increase in difficulty
- 2) Although some of the special abilities are cool, there doesn't seem to be a balance (One is practically useless, while others seem to help you too much).

Overall, for only a dollar, it's a good game for just sitting back and spending a few minutes just relaxing. And trust me with that background music, you will definitely feel relaxed.. This game doesn't seem like much but it's amazing and simple it's easy to learn the controls and the game itself when playing this I was immersed and really relaxed and for a dollar it's worth it, it's fun and addicting for such a simple game.. Really good slow soundtrack, also the simple graphics really helped.

This would be one of my favorite games.. This is a really bad game, way too simple. Needs to be for mobile with unlocks you can get.. Very good game:

- 1) Nice soundtrack
- 2) Very simple
- 3) Funny game

It would be better if:

- 1) More powers
- 2) Reduce cooldowns
- 3) Add levels. <https://youtu.be/26CcIXCkcSU>
