interview with Sosiologi Suatu Pengantar [19] Sosiologi Suatu Pengantar About the book.1. The book of Sosiologi Suatu Pengantar by Soerjono Soekanto, Sosiologi Suatu Pengantar. Buku Sosiologi Suatu Pengantar published in year 2014 at Jakarta, Indonesia.Tant Mina Tant Mina () is a small island off the coast of Mauritius. Although not big in size, it provides the destination of choice for surfers, divers and scuba divers who wish to explore this unique landscape. Geography The island is known for the significant rock formations and caves present on its beaches. Due to its proximity to Port Louis and Petit-Canard, the island has become an attraction for scuba diving. History Tant Mina was previously an autonomous Comarca under the Ile-de-France Prefecture, as is the case for most of Mauritius' outlying islands. In 1820, it was made part of the Mascarene Archipelago by decree of the Governor General of Mauritius. References Category:Islands of Mauritius Category:Islands in the Port Louis DistrictSubstrate effects on propyl gallate inactivation of aldehyde dehydrogenase and steroidogenic enzymes in rat ovarian homogenates. The purpose of the present study was to investigate the effects of propyl gallate (PG) on the activities of rat ovarian aldehyde dehydrogenase (ALDH1A1) and steroidogenic enzymes by in vitro experiments. Also, to study the effect of substrate on the effectiveness of PG inactivation of these enzymes in rat ovarian homogenates. The effects of PG on ALDH1A1 activity and the activities of 17 beta-hydroxysteroid dehydrogenase (17 beta-HSD), 3beta-hydroxysteroid dehydrogenase (3beta-HSD), 17 alpha-hydroxylase/C17,20 lyase (P-450SCC), aromatase (P-450arom) and side-chain cleavage enzyme (P-450scc) were investigated. PG significantly decreased the activities of P-450scc and 17 beta-HSD. In addition, PG inhibited the activities of 3beta-HSD and 17 alpha-hydrox f678ea9f9e
